CONFERENCES YEAR-BY-YEAR

Conference attendance consists of home game figures from member institutions, including doubleheaders with men beginning in 1996-97 season, and neutral-site conference tournament figures since 2000-01. The previous year's figures used for comparison reflect the following year's changes in divisional lineups to provide parallel comparisons, except for the 2000-01 season, when conference tournament neutral-site attendance was included in the conference totals for the first time. ^2020 totals do not include any conference tournament games due to COVID-19 pandemic. ~Majority of 2020-21 season played with zero or limited capacity attendance due to COVID-19 pandemic. As a result, no official attendance figures were calculated for any teams/conferences for the year. Conference highs are marked with an asterisk (*).
